

## Spring Road Tour 2019 Wednesday April 27th

### Attendance

Lee Cartier

Dennis Gustafson

Kevin Rochel

Jake from Bolton and Menke

Owen Kuhnly

We traveled the township and inspected a variety of roads, ditches, lack of ditches, drainage issues and road conditions.

255<sup>th</sup> around to Panola

Consider lime rock to match up to Chisago Lakes Township

Grade and smooth out a few portions of 255<sup>th</sup> when weather cooperates.

259<sup>th</sup> ST

Pretty decent needs brushing along the sides of the road

Maybe consider a way to make turn around for snow plow a little easier.

260<sup>th</sup> ST

Needs considerable work on road from Neafus's to Pheasant Run minimal and ditching up by Ganley's barn

Road has blown up more since road tour and needs some more consideration this year

Quarry road

New build site that has tore up the ditch area needs to be told his responsibility for fixing the area.

Quinlan

North portion before pleasant valley road has erupted

Quote approx.. \$10,000 to fix should be dealt with soon. 24'x80'

Franconia Trail/ Rydeen

Raise road, fabric and 8" material and do some ditching to increase drainage.

Jake will check on pricing.

Lawrence Trail

Road is too low, gravel overlay to raise road and do plenty of ditching to improve drainage.

297<sup>th</sup> on Lawrence may consider a culvert to drain under the road and let wash out.

Snow Goose Trail

Road is bad throughout and needs major work. It was never done correctly to begin with. The drainage will have to be fixed also. We will have to check into easements across private land for drainage.

285<sup>th</sup>

John Goodroads driveway

Needs a bigger culvert or an added culvert before his driveway to handle the amount of water runoff.

Sierra

Will need crack sealant

Old Field

Gravel price out lime rock overlay

Many of the roads have had blow outs and other problems since the road tour. We will need to consider many different options at this month's meeting. This should be on the agenda in consideration of the amount of monies this will take.
