

FRANCONIA TOWNSHIP

BITUMINOUS POLICY

Residents On a non- thru road (dead end) road will pay 75% of the cost and Franconia Township will pay the remainder 25% of the cost.

Residents on a thru road, (non- dead) end street will pay 25% of the cost and Franconia Township will pay the remainder 75% of the cost.

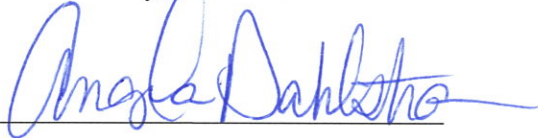

Different situations may arise throughout time. The Franconia Township Board will have a say in any and all of these situations and will determine the outcome of these different scenarios. Maintenance and upkeep of these roads will be the responsibility of Franconia Township, unless deemed different in the future.

In some situations, where the road to be asphalted passes by a road that is a dead end road, but houses residents, the residents of the dead-end road may be responsible for a portion of the shared costs of the road. Again, the Franconia Town Board has the determining outcome of these situations.

Adopted this 21st day of June, 2022

Owen Kuhnly, Chairman

Angela Dahlstrom, Clerk
